

GAURAV RASAL

Pursuing graduation in CSE
at PCCoE, Pune

EXPERIENCE

SDE INTERN AT KPIT TECHNOLOGIES LTD., PUNE

June 2021 - March 2022

- Developed and launched a web portal from scratch for testing new hires in the company.
- Developed a multi-purpose bulk emailer that can send up to 1000 emails at a go using a private SMTP server for company usage.

PROJECTS

RADYANCE

www.radyance.in

- A web application for affiliate marketing business that promotes and sells online courses.
- Implemented Razorpay payment integration and handled various transactions.
- Currently, the courses are in the form of YouTube videos which we are being upgraded to private videos on server which will be streamed on the website.

THE NEWS APP

<https://the-news-app-gr.herokuapp.com>

- Used "News Api" for fetching the latest news from different sources and displayed them on the website.
- Implemented Google OAuth for login and had a feature of saving articles for a specific user.

LIBRARY MANAGEMENT SYSTEM

- A management system for libraries using NodeJS and MongoDB which can handle transactions of books in the library.

OTHER PROJECTS

- A Blogging Website
<https://blog-app-gr.herokuapp.com>
